July 23

Dear Mr. + Mrs. Immerman,

As Harry's counselor I feel I ought to introduce myself and also let you know some <sup>of</sup> his activities and progress this summer. Being an old camper myself, I know that the brevity of some of his letters is due only to the fact that he is a busy and happy camper.

Being assistant waterfront counselor I see Harry in his activity mostly down at the waterfront. Harry is very interested in sailing and he is presently working toward his Mate's test which is the middle step on the way to captaincy. Harry should also pass his canoe expert test which will make him an above average handler of a canoe.

Harry's other big interest this summer seems to be golf and with the newly installed putting green and twin driving cages, a golfer's dream is here than satisfied. Harry

has been working very hard with the golf counselor and the improvement could be seen on his first trip to the course.

I'm looking forward to seeing you this weekend when we will be able to further discuss Harry's progress.

Sincerely,

Morris Zucker
