New York, November 1st, 1955

Dear Mr. & Mrs. Immerman: (pardon formality)

This report is a little later than usual since Aunt Cele and I just returned from a most wonderful European trip. I took some interesting moving pictures which will be shown to the boys at camp next summer along with a travel talk.

Harry made a most outstanding record in all around development last summer. Larry did well enough as a first year camper. The following are the individual tests they passed in the various activity skills:

Harry:

Archery : Jr. Bowman (top rank).
Baseball : Rules; baserunning; signals.
Basketball : Pass; receive; dribble; sets; layup.
Boat & Can. : 2nd Canoe.
Campcraft : Almost completed all tests.
Football : Punting.
Golf : Almost completed every test.
Red Cross : Jr. Life Saving. (certified).
Riflery : 1 target towards Marksman.
Sailing : Mid-shipman.
Swimming : 1st Canoe.
Tennis : Grips; scoring; stance; swing; forehand.
Volleyball : Almost completed all.
Trips : Fishing trip.

Larry:

Basketball : Passing; receiving:
Campcraft : Use of knife; fire test.
Red Cross : Qualified as "Beginner".
Swimming : Passed the Crib test.

Larry will go forward at a faster rate a second year. Both boys are happy youngsters and will always get along well with others. Both boys enjoyed perfect health records. In spite of a very active program Harry went from 113 to 115 and Larry held on to his 73 pounds.

CAMP CHICKAWAH
HARRISON • MAINE

We purchased some property on Long Lake - lake front, which will be used as an OUTPOST for overnight fishing, canoe, and nature trips for all groups including the youngest.

We are happy to include both boys in our 1956 plans. The enrollment is 90% complete at this early date.

With kindest personal regards, I am

Sincerely yours,

Joseph C. Saltman
